PROFESSIONAL SUMMARY

BCA Semester 5 student with a practical interest in software development and Python backend development. Co-developed CampusSync, a College ERP web application, in a two-person team using Python, Flask and MySQL, and have built REST APIs with Flask. Working knowledge of OOP, SQL and Git/GitHub. Eager to learn and contribute to real-world development projects as an intern.

TECHNICAL SKILLS

Programming: Python, SQL, JavaScript

Backend: Flask, REST API development with Flask

Database: MySQL

Tools & Deployment: Git, GitHub, Railway, VS Code

Basic Knowledge: OOP, Jinja2, session handling, authentication fundamentals, exception handling, file handling, JSON, HTTP, HTML, CSS

PROJECTS

CampusSync – College ERP Management System (Team Project, 2 Members) *Python, Flask, MySQL*
Live: campus-sync.up.railway.app | Code: github.com/akashraval3709-prog/CampusSync

- Collaborated with one teammate to plan, design and develop a College ERP management system using Python, Flask and MySQL; the application is deployed on Railway.
- Both team members worked on frontend and backend development, jointly handling requirement analysis, solution design, problem-solving and implementation.
- The system provides separate student, faculty and admin portals, covering QR-based attendance, internal marks entry, campus notices, and OTP-verified access to old-student results.
- Used MySQL as the database behind the Flask backend.
- Used AI tools as development assistance for problem-solving, implementation and debugging.
- A companion React Native / Expo (TypeScript) mobile app is currently in progress and not yet completed.

Python-to-Cyber-Journey – Python Learning Repository *Python, SQL, Automation*
Code: github.com/akashraval3709-prog/Python-to-Cyber-Journey

- Maintain a public learning repository with 174 commits, organised into Python fundamentals (OOP, decorators, SQL), OS/subprocess automation, web development and database projects.

EDUCATION

Bachelor of Computer Applications (BCA) – Semester 5 (Pursuing) *Expected Graduation: 2027*
Smt. B. K. Mehta IT Centre, Palanpur | Hemchandracharya North Gujarat University (HNGU)
CGPA: 7.43

WORKSHOPS & CERTIFICATIONS

- Certificate of Participation – 2-Day Hands-on Ethical Hacking Workshop, organised by the Department of Computer & Information Technology, Hemchandracharya North Gujarat University (HNGU).
