PROFESSIONAL SUMMARY

BCA Semester 5 student with a practical interest in web and full stack development. Worked with a teammate on both the frontend and backend of CampusSync, a College ERP built with Python, Flask and MySQL, and have built responsive pages with HTML, CSS and JavaScript. Working knowledge of Flask REST APIs and Git/GitHub. Keen to learn and contribute to real-world web development projects as an intern.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, responsive layouts

Backend: Python, Flask, REST API development with Flask

Database: MySQL, SQL

Tools & Deployment: Git, GitHub, Railway, VS Code

Basic Knowledge: DOM manipulation, form validation, Jinja2, session handling, authentication fundamentals, JSON, HTTP, OOP

PROJECTS

CampusSync – College ERP Management System (Team Project, 2 Members) *Python, Flask, MySQL*
Live: campus-sync.up.railway.app | Code: github.com/akashraval3709-prog/CampusSync

- Collaborated with one teammate to plan, design and develop a College ERP management system using Python, Flask and MySQL; the application is deployed on Railway.
- Both team members worked on frontend and backend development, jointly handling requirement analysis, solution design, problem-solving and implementation.
- The system provides separate student, faculty and admin portals, covering QR-based attendance, internal marks entry, campus notices, and OTP-verified access to old-student results.
- Contributed to the web interface and server-side logic of the portals, using HTML, CSS and JavaScript on the frontend and Flask with MySQL on the backend.
- Used AI tools as development assistance for problem-solving, implementation and debugging.
- A companion React Native / Expo (TypeScript) mobile app is currently in progress and not yet completed.

Personal Portfolio Website *HTML, CSS, JavaScript*
Code: github.com/akashraval3709-prog/Personal-Portfolio

- Built a responsive personal portfolio website using HTML, CSS and JavaScript to showcase projects and skills.

Pizza House – Restaurant Landing Page *HTML, CSS*
Code: github.com/akashraval3709-prog/pizza-house

- Designed a responsive restaurant landing page with HTML and CSS, focusing on layout and visual design.

EDUCATION

Bachelor of Computer Applications (BCA) – Semester 5 (Pursuing) *Expected Graduation: 2027*
Smt. B. K. Mehta IT Centre, Palanpur | Hemchandracharya North Gujarat University (HNGU)
CGPA: 7.43

WORKSHOPS & CERTIFICATIONS

- Certificate of Participation – 2-Day Hands-on Ethical Hacking Workshop, organised by the Department of Computer & Information Technology, Hemchandracharya North Gujarat University (HNGU).
